ORDERTOOL

ABOUT US

AZE Jewels is an international brand designed and developed in Europe. AZE Jewels provides a wide range of custom accessories for men, through which they can express their style and class. Beside the elevated selection of styles, we make use of the most preferred materials like stainless steel, top grain leather, performance sailing-rope, A-grade gemstones, and sterling silver (925). Our jewelry pieces are timeless and always relevant.

Whether you prefer stainless steel or sterling silver, we always guarantee a high quality piece of craftsmanship, made by our artisans.

We love to travel and we truly believe our products will complete your looks and appearance, wherever you are and wherever you go. That's why we believe:

THE ESSENTIALS FOR YOUR DAILY JOURNEY

The quote of Stephen Hawking inspires and motivates us:

"Remember to look up at the stars and not down at your feet. Try to make sense of what you see and wonder about what makes the universe exist. Be curious. And however difficult life may seem, there is always something you can do and succeed at. It matters that you don't just give up."

The name AZE comes from a little village in France, where our journey started several years ago. The shape of the logo is called Tetrahedron. In geometry, a tetrahedron is also known as a triangular pyramid.

ADVENTURE COLLECTION

For our Adventure Collection, we use top quality leather. For all bracelets, the Top Grain Leather is used, which assures a long durability and comfortable wearing. All leather bracelets are handmade, and available in 4 sizes. These versatile bracelets put a modern slant on your favorite looks. All leather bracelets are equipped with a stainless steel magnetic lock for easy (open and close) fit.

MARINE COLLECTION

The naval history of the Netherlands dates back to the 15th century, as overseas trade was a traditional cornerstone of the Dutch economy. The Dutch have a rich tradition when it comes to craftsmanship and craft. The ropes of AZE are local woven in one of Holland's oldest rope factories (founded in 1638), where currently the 9th generation leads the production of superior quality ropes, used around the world in the most prestigious yachts and projects. All rope bracelets are equipped with a stainless steel magnetic lock for easy (open and close) fit.
